Suggestions for Successful Implementation

- Use whatever version (Powerpoint, PDF, or Google) will work best with your computer and streaming service. The most seamless experience is going to be the google slides version.
- If you want, students can also view the PPT, PDF, or google slide on their device, too.
- YouTube Links if you want to send them to students to play on their own devices:

<https://youtu.be/KAr-M5i6v08> (Vivaldi's Women Performance)
<https://youtu.be/OvZYhxT5Mf8?t=868> (UNT Performance)
- I've also included the audio files should you need them in Archive.zip
- I've designed the lessons to be as turnkey as possible, but they aren't meant to just be given to students without a teacher leading them through. Ideally, some teacher lecture and discussion will get the best results.
- I've also designed the lessons to work either as completely virtual, hybrid, or in-person.
- **BE SURE TO MAKE A COPY OF THE GOOGLE ANSWER SHEET.** Do not send the original to your students, or you will be sharing data and answers with every other teacher using this. Details for how to do that are on the actual student answer sheet itself.

If you have questions, please e-mail admin@jdfrezzell.com and I will get back to you within 24 hours.

Please do not send me Facebook messages, as I teach all day, too! ☺
